VOL. 30, NO. 8. CAMPBELL, SANTA CLARA COUNTY, CALIFORNIA. FRIDAY, AUGUST 15, 1924.

## FOREST FIRES IN NEW OUTBREAKS

### SITUATION AT CLOSE OF WEEK GENERALLY IMPROVED

### YOSEMITE THREATENED BY JERSEYDALE BLAZE

**High Winds, Low Humidity Add To Danger—Fire in Stanislaus Reserve Controlled — Three Ranches Reported Burned Out.**

Sacramento.—Although three new forest fires were reported Sunday, the situation throughout the state is generally improved and nearly all of the fires are under control.

The Modoc national forest, hitherto free from serious fire menace, was the scene of a new blaze which has burned over 2,000 acres.

A fire which started Friday in the Stanislaus national forest in the Lancy district was brought under control after having burned 900 acres of timber and 1,000 acres of brush.

Sparks from a fire which destroyed the Jake Donnenwirth sawmill near Taylorsville, in northeastern California, started a forest fire that swept a large expanse of wooded country. Fire fighters from Quincy and Engalmine have so far been unable to get the flames under control.

Fire previously reported in Stanislaus national forest has swept over 4,800 acres, of which 3,800 are outside the national forest boundaries.

Serious loss was reported from the Plumas national forest, where the Clover valley fire in the Feather river district destroyed 2,000,000 feet of cut logs and a donkey engine, believed to be the property of the Clover Valley Lumber company.

There were two fires in the Sierra forest. The Bootjack blaze has been brought under control and fire fighters are making headway against the Sweetwater fire, which started from a blast exploded by convict camp highway workers.

Conditions are said to be more favorable in the Cleveland national forest, where the Bautiste canyon fire has been burning for days.

High winds and low humidity again developed fire conditions throughout the state that promise to be as serious as any confronted during the present summer, according to reports given out by the co-ordinating board of the State Fire Emergency organization.

"We are approaching the worst period of the fire season," said State Forester M. B. Pratt. "Only through the greatest effort on the part of every organization in the state shall we be able to successfully meet this critical situation."

### K. C.'S MOVE TO PUT CURB ON IMMORAL LITERATURE

New York.—Action which contemplates immediate steps by the order against dissemination of immoral and harmful literature was taken before the forty-second annual convention of the Knights of Columbus. The recommendation was made in a committee report and the convention referred the matter to supreme headquarters for organization and financing of the movement. North Carolina's bid for the next annual meeting was placed in the hands of the supreme board of directors.

The convention voted $33,000 to replace the statue of Christopher Columbus at Aguada, Porto Rico, commemorating the landing place of America's discoverer on his second voyage. The original statue was destroyed by an earthquake several years ago.

### Seattle World Fliers' Goal

Los Angeles. — The flight of the United States army round-the-world fliers will end officially at Seattle, because the flight started at that point, the chamber of commerce was informed by General John J. Pershing, as acting secretary of war. The planes will tour the United States after being reconditioned at Rockwell Field, San Diego, according to General Pershing, who said: "It is contemplated that at San Diego the planes will be reconditioned for a tour throughout the United States, the itinerary of which will be determined at a later date, based upon conditions which may obtain at that time."

### Santa Rosa Fliers Organize

Santa Rosa.—Twenty local aviators and airplane owners are pledged to the furtherance of aviation activities and a campaign to have the government make the local air port its pacific coast terminal for the air mail service, following the formation here of the Santa Rosa Fliers club. The members of the club also are going to enforce more stringent flying conditions here.

## FRENCH CABINET FALLS INTO LINE

### GETS BACK OF PARLEY PROGRAM ADVANCED BY HERRIOT

### EVACUATION OF RUHR IS PROMISED OUTCOME

**French Premier Returned to London With Full Backing of Ministers For Favorable Action on Dawes Plan—Foch Called In.**

Paris.—Premier Herriot, Minister of Finance Clementel, and General Nollet, minister of war, returned to London from Paris with the unanimous backing of the French cabinet for the program which M. Herriot outlined to his colleagues with regard to the endeavor to put the Dawes plan into effect.

The program will be further disclosed only in the course of the negotiations with the Germans.

The impression in French political circles is that the program involves the immediate evacuation of the Ruhr in order to enable the German government to put through the Reichstag the laws necessary to make the Dawes plan operative. M. Herriot, however, is quoted as having promised not to sign any London agreement until after he returns to Paris from London and obtains a vote of confidence both in the chamber and the senate.

Herriot has so reinforced his power that he stands a more important and dominant figure than it was believed he ever would be when his forces carried the republic in the elections a few short months ago. He won his present position by the promise to evacuate the Ruhr and bring peace to Europe by reversing the policies of Premier Poincare. Now he has succeeded, according to his friends, who are confident that the London conference has brought an early happy solution, based on the Dawes plan.

London.—The first of three protocols necessary to put the Dawes reparations plan into operation was signed, August 9, by representatives of the German government and the reparations commission. The document formally accepts the Dawes plan and by it, the reparations commission releases all German assets so that they will be available as security for the proposed loan to Germany.

One of the other two protocols is between the allies and the German government, while the third contains an agreement among the allied nations. The effectiveness of the protocol signed is conditional upon the success of Premier Herriot's mission in Paris.

James A. Logan sat as unofficial American representative with the reparations commission and after the signing, he described the protocol as a business-like arrangement between the reparations commission and the German government. Its completion without difficulties, he said, was due largely to the skilled handling of the situation by M. Barthou, president of the commission.

Despite the shifting of the conference interest to Paris, the experts continue their labors in Downing street. With the German experts they completed their study of the report on restoration of fiscal and economic unity in Germany and will draft the covering letter with which the report will be handed to the "big fourteen."

The experts still are confronted with the task of getting the Germans to the third phase of the allied program for operating the Dawes plan. The Germans have balked on that part of the French scheme which permits allied priority in the purchase of coal, coke, dyes and other products in Germany and the Berlin representatives are intent on holding out until M. Herriot compromises on the military evacuation of the Ruhr.

The Germans are willing to offer compensation and to enter a commercial treaty as well as to guarantee security, but they want a definite date for the withdrawal of the French troops and they want this date set within a few months from now.

The French are seeking to make the evacuation dependent not only on satisfactory compensation but upon a satisfactory conclusion of the inter-allied inspection of Germany's disarmament.

This the Germans feel they are unable to accept because they fear the French generals may find a technical violation and thus demand postponement of the Ruhr evacuation indefinitely, especially since the French then would have Germany's compensation in their pockets.

## Golden State
### News of Interest to All

Amateur dahlia growers are eligible to enter one or more blooms in the show to be held at the Palace hotel in San Francisco, September 4 to 6. Heretofore the exhibition has been open only to Dahlia Society of California, but a new ruling throws the show open to all. Any amateur gardener desiring to exhibit and wishing further information should communicate with Secretary H. T. Hennig, 621 Third avenue, San Francisco.

The Clarke-McNary bill, recently passed, provides for the donation of privately owned cut over lands to the government for protection from fire hazards. Heretofore, the government has been unable to accept such offers from owners desiring to do this. The donated land will be replanted and protected from fire by the forestry service.

The Stanislaus National forest comprising areas in Tuolumne, Calaveras and Alpine counties, has been closed to hunters and fishermen by the secretary of agriculture. This step has been taken to completely eradicate the hoof and mouth disease.

The demands of the Caribou and Las Plumas power plants will necessitate the use of stored water at a more rapid rate from now on and the 50,000 acre-feet capacity of the reservoir will not be reached this fall.

The West Star Mining company of Grass Valley, has started a crosscut from its main shaft. Two veins are to be intersected. Recent pannings indicate low gold values in the first vein and high grade ore in the second.

R. J. Jones of Woodland, who recently rescued himself from a fall in a ninety-foot well, crashed through a fence in his automobile, broke the windshield and axle, and landed uninjured in an irrigation ditch.

Eighty thousand head of lambs and 15,000 head of cattle are reported held in Alpine and Mono counties because of the state quarantine, authorities of Nevada refusing to allow them across the line for shipment.

The next legislature will probably be petitioned for an appropriation to erect a new building on the state fair grounds, which will be used to house the exhibits of the industrial products of California.

Registration in Yuba county shows 4,764 electors entitled to vote; of this number there are 3,396 Republicans, 1,262 Democrats, 19 Socialists, 3 Prohibitionists; 83 declined to give party preference.

The state railroad commission has granted the Southern California Edison company permission to increase their rates 10 per cent, beginning September 1, for a period of eight months.

The first shipment of pears from Paradise to Los Angeles brought $120 a ton. This is the highest price paid this season for pears grown in that section, representing a profit of $80 per ton.

United States Senator Samuel F. Shortridge, Governor Richardson, United States Senator Hiram John-Santa Cruz, addressed the Legion conson and Mayor John B. Maher of vention.

An inclined shaft of more than 100 feet has been sunk in the Buena Vista coal mining section, developed by Morris and Darling Bros., of Kennedy Flat. A rich vein of coal has been found.

The Thompson Seedless grape crop in the vicinity of Dinuba, Tulare county, is estimated at from 50 to 60 per cent of normal and is almost a fortnight ahead of last year in ripening.

Taylor Walker, California's oldest bootblack in point of service, recently celebrated his forty-ninth year in Sacramento, having shined the shoes of every governor since 18..

Additional quarantined areas have been released in Fresno, Tulare, Los Angeles and Merced counties with the exception of premises infected with the hoof and mouth disease.

The registration for voting in Lassen county numbered 3761. Of this total, 1,396 are in Susanville and 1,200 in Westwood; 2,396 Republicans, 1,115 Democrats and 36 Socialists.

W. P. Hammon of San Francisco, has presented a tract of land to Oroville, to be used as a park, which will border Feather river and be open to the public within a few weeks.

Extradition papers for Walter Wood, wanted in Butte county for murder, have been issued by Governor Richardson. Wood is reported under arrest at Portland.

A $2,050,000 bond issue has been voted in Stockton for the flood projection project, subway, park development, fire alarm system and street improvement.

Mayfield will spend $100,000 for paving twenty city blocks.

Yuba City is installing fire alarm boxes for citizens' protection.

Frank Drury of Clovis, was drowned in a swimming polo in that city.

Extensive plans for working the Rising Sun mine are under way.

Placerville is placing drinking fountains in its business district.

John Fillmore Cooper, resident of Susanville, recently passed away.

Three shifts are employed at the Finegan mine, above Carson Hill.

Mrs. J. L Detrick of Chico, injured in an auto accident, in San Jose is dead.

The Woman's Club of Red Bluff is planning a carnival, September 26 and 27.

Rising Sun Mill plant has started operations to take care of the Big Oak ore.

There are 27,388 female teachers in California, against 4,500 male instructors.

The rich Geraldine group has been leased by the Silver King Mining company.

Albert Hubner, recently injured at the Vaca Dixon substation, is rapidly improving.

Mrs. Shirley Hoppin Porter of Esparto, will enter grand opera in San Francisco.

In the Longfellow mine it is said that a large tonnage of $7.50 ore is blocked up.

Captain J. A. McVicar, former skipper of transpacific craft, passed away in San Pedro.

Ore that promises to value $100 a ton is being taken from the Big Oak Mine at Colfax.

Shasta county paid $108.23 per pupil for education in the public schools last year.

Frank Pellet, banker and rancher of St. Helena, passed away following an operation.

Fire of undetermined origin recently destroyed the home of O. H. Endicott of Chico.

The Quicksilver Mining company of New Idria, will put on a full force of men immediately.

The Feather River Power company of Oroville, is planning a $40,000.00 construction program.

Water collections in Woodland for the fiscal year ending June 30, amounted to $18,513.35.

The new First National bank of Chico is now open for business. The structure cost $150,000.

Thurlow (Bob) Counter, Marysville boy, has signed a contract to appear in movies in Los Angeles.

## THE TRUTH ABOUT THE TOWNER-STERLING BILL

So much has recently been said and so many misstatements made in regard to the so-called Towner-Sterling bill that a statement as to the facts in the matter would seem quite in order.

This bill was introduced in the 67th Congress which convened after the election of 1920 by former Congressman Towner in the House of Representatives and by Senator Sterling in the Senate. This bill was referred to the Committee of Education in each of the two houses of Congress and was not reported out of the Committee. Congress adjurned without either the House of Representatives or the Senate having an opportunity to vote on the bill.

When the 68th Congress convened in 1923 the bill was again introduced by Congressman Reed in the House of Representatives and by Senator Sterling in the Senate. Some hearings were held on the bill by the Committee on Education of the Senate but Congress adjourned without the bill ever being reported out of Committee and without either the House of Representatives or the Senate voting upon it.

In the mean time a special committee composed of a representative of the President and a representative of both Political Parties in Congress was working on another educational bill.

On June 3, 1924, Senator Smoot of this Committee introduced in the Senate bill numbered S 3445 which creates a new cabinet officer known as the Secretary of Education and Relief, co-ordinates with the various educational departments of government and contains general provisions as to edcation. This bill has the endorsement of all the members of the Joint Committee and has the endorsement of President Colidge. It will probably come up for a vote in the next session of Congress.

## CAMPBELL LIBRARAY SHOWS BIG GAIN

Miss Elizabeth Kennedy, the very efficient and popular custodian of the library, has furnished some interesting data regarding the circulation of books for last year and this, which gives some idea of the growth of the institution.

Books loaned:

| 1923 | 1924 |
|---|---|
| Jan. 1328 | 1675 |
| Feb. 1212 | 1167 |
| March 1292 | 1813 |
| April 1153 | 1500 |
| May 1118 | 1709 |
| June 1280 | 1698 |
| July 1146 | 1832 |

There are twice as many depositors for the summer season to date as last year. These are patrons who will remain for a short time and having no guarantor, pay a deposit of $1.50 for the privilege of borrowing books while here.

A great many, especially the young folks, use the reading room that it would be fine if finances would permit of its being open every evening, especially through the summer.

County librarian, Miss Stella Huntington, has submitted the list of magazines to be ordered for the coming year, which includes the following substantial works:

American Boy, Atlantic Monthly, Forecast, Popular Mechanics, St. Nicholas, Saturday Evening Post, World's Work, National Geographic, Youths Companion, and a new one, Radio News, which will meet with the approval of the rapidly growing list of radio fans, amateurs and experts. This list is supplemented by others for which the Country Woman's Club subscribes.

## FRIENDS SHOWER FOR MISS HARRIMAN

To honor Miss Edna Harriman, who will become the bride of Mr. Robert Jones, Miss Ethel Curry entertained at an attractive shower at her home Saturday evening. Charming appointments and amusing program made the evening very delightful. A shower of useful culinary articles was bestowed upon the bride-to-be, little Bobbie Dodge acting as Cupid. Dancing completed the evening. About twenty-five friends gathered for the occasion.

## HARVEST IS ON

Harvesting of the prune crop is now on in many places and drying yards will all soon be in full operation. The dehydrators are running and every effort will be put forth to safeguarding the crop. Some of the local weather prophets are inclined to be a little pessimistic about the weather, not liking these freakish little whirlwinds and breezes as forerunners of unsettled weather. We ourselves are no seers on weather, but we hope for satisfactory conditions.

### Corporation Tax Extension

San Francisco.—Corporations have been granted an extension of time to September 30, next, for the filing of capital stock tax returns, Collector John P. McLaughlin has announced, in response to numerous inquiries.

### Woolwine Much Better

Paris.—Thomas Lee Woolwine, formerly district attorney of Los Angeles, who has been seriously ill, was reported to be much improved at the American hospital. He was not however, permitted visitors.

Rising water in Butte valley, Plumas county, innundated 1,500 acres. The water is contained in the big reservoir of the Great Western Power company, seven miles below Lake Almanor.

Fire Chief Silberstein of Woodland, reports that the city fire wardens have inspected eighty-four business houses, and only three fire hazards were found.

Dr. W. F. Gates of Oroville, senator from Sixth California district, was in Toronto, Canada, attending the supreme lodge session of the Knights of Pythias.

## IMPROVEMENT CLUB IN BUSY SESSION

The Campbell Improvement Club held a busy session Thursday evening at the new library with President E. R. Kennedy in the chair, and R. G. Archibald acting as secretary. "Wil'ing Worker Wendell" Thomas, of the San Jose Chamber of Commerce made a visit and told the boosters of a "Santa Clara County Consolidated" idea which he was working out and asked that Campbell lend a shoulder to the wheel of progress. Our famous valley is not getting as much publicity as it can stand and by this co-operative plan every district of the county would receive a real direct benefit. At his suggestion the club later voted to send its president and secretary as representatives to th efirst called meeting.

As the traffic conditions at times here are anything but desirable due to a few foolhardy and reckless drivers, a special committee has been appointed to urge a more rigid enforcement of the traffic laws on our streets. R. Alison, W. S. Shelley and R. H. Hyde were appointed by the chairman for this work. H. C. Smith, G. S. Robson and R. Alison were appointed a committee to arrange for a more effective clean up of our town properties and removal of rubbish with the least display at street crossings. A schedule of time for placing rubbish for removal will be published later.

Another peninsular highway out of San Francisco was approved by a vote of the club. San Francisco traffic is greatly congested on the one peninsular route and a movement is now under way for a second route.

## ARTHUR FREE SPEAKS AT CAMPBELL

Hon. Arthur M. Free was the orator of the evening at Orchard City Grange meeting Tuesday evening.

He gave a very interesting and enlightening review of the work of Congress and his part done in behalf of his district and the state of California. Mr. Free has been a very busy man and has gained enviable positions on committees and a considerable prestage with his fellow Congressmen. Through his work for his constituents he has secured a tariff on many of the products of the district thereby very materially assisting the producers.

Following his talk, Mr. Free discussed several questions that were asked him concerning legislation that will come up before the next session. Mr. Free was then deties or the senate having an oplivered over to his delighted friends and neighbors for hearty handshakes and greetings.

## F. H. CUTTING, ARTIST TO EXHIBIT AT FAIR

The Mercury Herald of August 12, contains the following item relative to the work of Frank Cutting.

That Campbell will be represented at the state fair at Sacramento with something more than agricultural products, is the assurance of F. H. Cutting, Orchard City artist, who will exhibit a handsome 30x40 oil painting of the Carmel coast. Cutting maintains a studio on Harrison avenue, Campbell, where he has a large stock of Carmel and Columbia river canvasses on hand. He has been painting at Carmel for three years and expects to return to the Monterey peninsula this fall for a brief stay.

Mr. Cutting has arranged to display this same picture in the office of the Post Office after the close of the state fair.

Gump's art department in San Francisco handles Mr. Cutting's paintings and they are also on sale at Pacific Grove and at his studio in Campbell.

## *The Rancher, too, prefers* ZEROLENE

Not just because it is an economically priced oil, but because it lubricates *better* every type of farm equipment, from a tractor to an automobile.

Big users, who can afford to test out the merits of different oils experimentally, refuse to pay tribute to the superstition that "eastern" oils are in some mysterious way "better" — why should you?

The Natomas Company of California, which operates 10 automobiles, 3 five-ton trucks, 9 Ford trucks, 3 Best Tracklayer Caterpillars, 1 Holt Caterpillar, and 2 stationary gas engines, and also uses Zerolene on the bearings of 9 irrigation pumps, writes as follows:

"We have used your products for several years with exceptionally good results, and your prompt service has been valuable to us."

**ZEROLENE F for FORDS** —the Standard Oil Company's new improved oil for Ford cars "Feeds Those Oil-Starved Fords."

The use of Zerolene will not only cut down your oil bill, but enable you to secure greater gasoline mileage, with less carbon, lower upkeep costs, and a longer working life for all your power equipment.

*Insist on Zerolene — a better oil — even if it does cost less.*

**STANDARD OIL COMPANY (CALIFORNIA)**

The Standard Oil ZEROLENE For Motor Cars

This booklet reports independent service tests of Zerolene made by a number of large users. Ask any Standard Oil Company sales representative or Zerolene dealer for a copy.

**Christian Science Services**

## NOTICE TO CREDITORS

Estate of Amanda Kent Wilber, Deceased.

Notice is hereby given by the undersigned Executor of the last Will and Testament of Amanda Kent Wilber, deceased, to the creditors of and all persons having claims against the said decedent, to file them, with the necessary vouchers, in the office of the Clerk of the Superior Court in and for Santa Clara County, California, within four (4) months after the first publication of thi Notice, or within said period to exhibit the same, with the necessary vouchers, to the said Executor at the office of Bohnett, Hill & Campbell, Rooms 311-314, Bank of San Jose Building, in the City of San Jose, County of Santa Clara, State of California, where all business in connection with said estate will be transacted.

San Jose, this 12th day of August, A. D. 1924.

EDGAR KENT,

Executor of the last Will and Testament of Amanda Kent Wilber, Deceased.

Bohnett, Hill & Campbell, Attorneys for Executor.

(First publication August 15, 1924 )

Two thousand churchmen attended the sixty-ninth annual state convention of the Methodist Episcopal church recently held at Santa Cruz. Prizes for the best representations in the parade were won by the First churches of Fresno, Stockton and Santa Cruz.

## *"Lift" Etiquette Most Puzzling to Stranger*

Apparently it was the stranger's first trip in an office building elevator and he was unaccustomed to the more or less rigid rules of "lift" etiquette.

He stood facing the door as the elevator started down. At the next floor a young woman entered and took a stand behind him. Two floors below a man boarded the car and, looking straight past the stranger, noticed the woman and gallantly removed his hat. As he did so the stranger tipped his hat and then replaced it on his head. At the next floor another man entered and looking sharply at the stranger removed his hat. The stranger responded by tipping his hat and replacing it again.

This was repeated every time a man entered the elevator, the puzzled look on the man's face increasing with each stop. Arriving at the ground floor he paused until his fellow passengers had passed out of earshot and then asked the elevator operator:

"What's everybody saluting me for?" —New York Sun.

The mystery surrounding the discovery of a bullet-ridden body in the hills southwest of Colma recently, may be solved. By the means of a pair of eyeglasses, an optician in San Francisco identified the victim as Frank Aranaki, Japanese cook employed for eight years by Mrs. W. C. Reed of Belmont, San Mateo county. Mrs. Reed declared Aranaki had saved $10,000 and when last seen by her said threats had been made against his life by a fellow countryman to whom he had refused to loan $6,000.

## *Safe Olives*

TWO or three more cases of poisoning from eating olives have recently been in news. The incidents are a pity, both for the sake of the unfortunate users and for the sake of the set-back to the olive industry

Blaine's Store has taken pains to learn something of the facts. It is found that the olives were not packed by members of the California Olive Association. Member packers are strict in conforming to the state regulations respecting degrees and duration of heat during the canning process. Following the regulations insures safety. Packers of the unsafe olives were probably careless.

In buying olives, look for the circular label of the California Olive Association, and for the words, "These Olives Were Packed by a Member." In the future, Blaine's Store will feature the goods of The Mt. Ida Packing Company, of Oroville. This firm not only belongs to the Association, but also has its packing supervised by a resident State Inspector.

Mt. Ida Olives are absolutely safe. Also, they are remarkably attractive to the eye and good to the taste. Try them.

## Town Tales Tersely Told

Geo. Benner was enjoying the beauties of Lake Tahoe last week.

Ralph Bohnett, of Aromas, is here this week visiting his brothers, Merlin and Elver.

Geo. Righter and family, of Visalia, are visiting his parents, Mr. and Mrs. F. M. Righter.

Mrs. O. H. Weiss, our very efficient school nurse, has been visiting at Long Beach and Taft.

Douglas Cutting is enjoying a vacation at Pacific Grove, where the family have made their home at times.

The A. N. Lautz family, who have been sojourning at Seabright for the past month, have returned Sunday.

The Misses Laura and Margaret Blaine, who were among the attendants at the Epworth League convention at Asilmar, are again at home.

C. H. Whitman has been on the sick list this week. At the time of this writing, Xray and diagnosis had not revealed the cause of his trouble.

Mrs. George Fowler, of Piedmont, is visiting her mother, Mrs. Anna Sawyer, for the past week or more while her husband is south on business.

Mr. and Mrs. Henry Gullick are being congratulated upon the advent of a daughter, at San Jose Hospital, August 7. Mother and baby are doing nicely.

Florence Carlysle, who has spent the summer here with her mother, Mrs. C. E. Case, will return to Pacheco to begin her school work Monday.

Mrs. G. Ray, who has been visiting her mother and her sister, Mrs. Hattie Dunham and Mrs. Hazel McQueen, returned to her home at Bethany last week.

Mr. and Mrs. R. E. Noddin, who took an extended camping trip through northern California and Oregon, visiting Crater Lake, The Dalles and Columbia river, returned Saturday.

Mrs. O. A. Putnam is absent from her duties at the Post Office this week on account of illness. Her host of friends hope to see her back to her accustomed place soon.

The opening of the Bay City schools this week and the others this coming week is somewhat thinning the number of our summer colony, as the younger generations have to be at home.

Mrs. W. H. Allen and son Homer, of Turlock, were renewing acquaintences in Campbell Wednesday. Mr. Allen is employed in San Jose at present and they maye decide to remain there.

Cards from Mr. and Mrs. D. H. Cramer recently received recorented a pleasant trip through Minnesota and Dakota. Their objective was Yellowstone Park, where they intended to remain for several days.

Uncle Joe Bohnett and his sister, Mrs. Reichert, who had spent some weeks in Michigan, returned to Campbell Saturday. Mrs. Reichert intends to go to Lower Lake for a time, where her son, Walter, resides.

A number of the parents of the Camp Fire Girls, who are camping at Twin Lakes, joined them Sunday in adelightful outing. A wonderful cafeteria picnic dinner was enjoyed and quantities of "eats" left to fill the larder of the campers.

Campbell has not yet received much world fame as a dahlia growing center, but we'll tell the world that A. A. Purmort is growing "some" dahlias. Some are seven feet high and crowding a young walnut tree from first place.

Emil Mrak, who has been assisting in the chemical laboratory at U. C. throughout the summer, came down Saturday for an over Sunday visit with his parents. Emil has been making a very fine record in chemistry at the state institution and his summer's work has been of great value along his chosen line.

The Press Office is displaying a "small" sized sunflower head that P. Arnott grew, which measures over 50 inches in circumference. It will furnish many a meal for Pol Parrot.

Mrs. W. H. Crothers reports that Dr. Crothers is very much improved from his recent illness and operation, and with continued progress will be out again before long.

The J. C. Ainsley Packing Co. has installed two of the latest models automatic peach pitters. These machines will cut and pit cling peaches as fast as the operators can feed them.

Mr. and Mrs. Irving W. Snow, who have been spending the summer with Mrs. Snow's relatives in Willows, were calling on friends here Wednesday evening. They will return to Cedarville, Modoc county, where Mr. Snow is principal of the high school.

A. H. Wegel writes from Found du Lac, Wis., that he is on his way back to Campbell. On August 7 he was out for the first time, owing to high water and floods. The water was waist deep in their yard and boats were going everywhere. This was following the severe storms of the first of the month.

Mrs. Harriet L. Darling, mother of Mrs. Bateman, and Paul and Truman Darling, died at Altadena, Calif., July 30. Mrs. Darling resided near Campbell for a number of years, and her son, Paul, frequently visited here, his wife being a daughter of Mr P. Arnott. Many of the older residents were acquainted with Mrs. Darling, Sr., and will regret to hear of her death.

## Golden State
**News of Interest to All**

Fire losses in Bakersfield during July were $13,290. During June the loss amounted to $13,699.

**E. E. SOWER**

# Children and Houses

Sometimes the kiddies get so mussed up, even we parents fail to recognize them. Yet after a generous use of soap and warm water applied with wash cloth and brush, a wonderful change is seen. Why not have your house laundered before the seasonal rains begin? Perhaps you won't recognize your own home.
